About the Cover Art:

Pictured is the Arthur Ravenel Jr. Bridge referred to by locals as the Ravenel Bridge and the Cooper River Bridge. The image was taken during a rare snow day in Charleston County in January of 2025. The Ravenel Bridge is 2.7 miles long and is a local symbol of connectivity. "Today, the Arthur Ravenel Jr. Bridge is not only an architectural marvel but also a testament to the visionary spirit of Charleston's past and its unwavering commitment to embracing the future" (Staats, 2023). Resilient in unexpected circumstances, Charleston County is persistent in upholding its fiduciary responsibility to County residents by following Charleston County's mission:

"To promote and protect the quality of life for everyone by providing services of value to the community while preserving the unique, cultural and historical identity of the Lowcountry."

Staats, Noah. "Ravenel Bridge: A Stunning Engineering Marvel & the Gateway to Charleston." *TheTravel*, 26 July 2023, www.thetravel.com/what-to-know-about-ravenel-bridge-in-charleston/. Accessed 3 Apr. 2025.

Distinguished Budget Presentation Award

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Charleston County, South Carolina for its annual budget for the fiscal year beginning July 1, 2024, for the 36th consecutive year. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

The GFOA named Charleston County a Triple Crown winner for fiscal years 2019, 2020, 2021, 2022, 2023, 2024, and 2025. A Triple Crown designation recognizes governments who have received GFOA's Certificate of Achievement for Excellence in Financial Reporting, Popular Annual Financial Reporting Award, and the Distinguished Budget Presentation for a fiscal year.

¹ Due to COVID-19, Court availability has been restricted in compliance with the SC Chief of Justice's Order to maintain social distancing. This directive has had a significant impact on dispositioning both GSC and Family Court Criminal cases.

² Failure to Appear, Remand, No Bill, and Prelim Dismiss cases are not available for trial or plea.

³ The Circuit Court's 2024 Administrative Order, redefined the case docketing process for the Court of General Sessions and to Solicitor's Office. These administrative changes hurt the overall reduction of pending cases in the Solicitor's Office.

⁴ Juvenile Custody Orders, Transfer of Jurisdictions, and Competency Cases are not available for trial or plea.

⁵ COVID-19 pandemic had a direct effect on the high number of pending, and the low number of total disposed cases for this fiscal year. The docketing process for all General Sessions cases has moved from the Solicitor's Office jurisdiction to the Clerk of Court.

⁶ COVID-19 pandemic had a direct effect on the high number of pending and the low number of total disposed cases for the fiscal year.

¹ Due to the number of new houses, new construction overlaps ATIs. New construction will finish later in FY25 due to reassessment.

³ Annual inspections should stabilize at 50,000 – 55,000.

⁴ Time spent on new construction cycles with reassessment every five years. Typically, low points are the reassessment year or the year after.

⁵ Many ATIs are new construction and separating these categories is difficult, in reassessment years ATIs also overlap with reassessment activities. Time spent has ranged from 4.25% to 12.5%. 6% is considered stabilized. ATIs will finish later in FY25 due to reassessment.

⁶ The tax year start date is January 1 of that year. The desired median date of inspection is no more than 2 years prior to the start of the tax year. The former goal was a 2-3 year trailing date, the new goal is to maintain no more than 2 years. A corollary goal (new for 2022) is to reduce the number of parcels with inspection dates older than 5 years from the current 9.62% to 5%. This is a five-year goal ending in FY 2026.
