

Charleston County Government Expenditure Report

The Charleston County Expenditure Report includes:

- Accounts payable transactions over \$100

The Charleston County Expenditure Report excludes:

- Information exempt from disclosure under the S.C. Freedom of Information Act §30-4-40, *Matters exempt from disclosure*
- Information exempt from disclosure under the federal Health Insurance Portability and Accountability Act (HIPAA)
- Information relating to Solicitor's Office expenditures will be released once a protocol for ensuring that the information complies with the mandates for employee payroll privacy, the Victim's Bill of Rights and HIPPA is established. Once a protocol is in place, the information will be released and will include expenditures from June 2009 forward.

Explanations:

- The section titled INV DATE identifies the date that the county received an invoice from the vendor.
- The section titled ORG KEY identifies the department/office responsible for the transaction.
- The section titled OBJECT identifies the Charleston County budgetary account used to pay for the transaction.
- The section titled CK AMOUNT identifies the amount of the check issued.
- The section titled CK DATE identifies the date that the check was issued.
- The description "Bank of America" refers to payments made to Bank of America for purchases made using a Charleston County Purchase Card (P-Card). The P-Card, which works like a credit card, is used to make purchases. It reduces the amount of petty cash, allows for better tracking of purchases, and the County receives a rebate based on total purchases. Each month, the purchases made using the P-Card are reviewed and paid in full.

For more information, contact Charleston County Finance Director Corine Altenhein at (843) 958-4601.
